

ELLA STOOKEY

401-338-7587 | ellastookey@ucsb.edu | Middletown, RI | linkedin.com/in/ellastookey

As a third-year environmental science major, my studies focus on the roots of our current environmental challenges and exploring potential solutions. I am currently seeking an internship to expand my understanding of how organizations develop and implement environmentally sound and commercially viable solutions. The knowledge I've gained pursuing my Bachelor of Science degree and through my early work experience, combined with my teamwork skills and work ethic would allow me to make a measurable and positive impact.

EDUCATION

University of California, Santa Barbara; Honors Program
